This contract covers only those items listed in the price schedule. It is the responsibility of the agency to ensure that other items purchased are invoiced separately. State agencies will place orders directly with the vendor (creating a PG in Finet) and make payments for the same on a PV referencing the original PG. Agencies will return to the vendor any invoice which reflects incorrect pricing.

**WARRANTY (INCLUDING YEAR 2000)**

Netscape Communications has taken exception to the State's Warranty including Year 2000 clause. User agencies are highly recommended to verify that all software purchases are, in fact, Year 2000 compatible.

NETSCAPE COMMUNICATIONS' STATEMENT OF Y2K COMPLIANCE

Contractor warrants that the most current version of the Contractor product(s) being licensed by the State under this agreement ("Products(s)") contain functionality, including the time-and-date-related code, needed for the December 31, 1999 to January 1, 2000 date change, provided the underlying operating system of the host machine, and any non-Contractor-owned software provided with or in the host machine or Product(s), also contain functionality, including the time-and-date-related code, needed for the December 31, 1999 to January 1, 2000 date change. The sole and exclusive remedy for any breach of this warranty is repair or replacement of the affected Product(s), excluding any non-Contractor-owned software or underlying operating system. This warranty is null and void if the State alters, modifies, or misuses any portion of the Product(s).

Netscape Communications provides its Netscape Application Server (NAS) software under this contract and subcontracts all associated installation, training, integration, and local support services. The subcontractor authorized by Netscape Communications is Uinta Business Systems. Uinta Business Systems is bound by the terms and conditions of the proposal and subsequent contract.
